2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
3. Authorization for this examiner's amendment was given in a telephone interview with Attorney Scott Stinebruner (Reg. No. 38,323) on January 10, 2007 to resolve any potential 35 USC 101 issues.

- ☐ Claim 30 (Currently Amended),

Allowable Subject Matter

4. The following is an examiner's statement of reasons for allowance: As has been decided by the BPAI, the prior art does not teach, or suggest at least "an implementation of the method defined in a second program entity ... that depends from the first program entity" in such a way as recited in claim 1. Furthermore, the prior art does not teach or suggest at least "halting execution of a program upon reaching an implementation of a method identified in an interface with which a breakpoint is associated" in such a way as recited in claim 14. As such, claims 1 and 14 are allowed. Claims 2-12 are also allowed as claims depending on claim 1. Independent claims 13, 15, 18, 26, 28 and 30 contain the allowable subject matter addressed above for claim 1, therefore are also allowed. Claims 14, 17, 19-25 and 27 are also allowed as claims depending on allowable base claims.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2192

6. Claims 1-5, 7-15, 17-28 and 30 are allowed.
